

Gain ongoing access to the school safety supports you need.

Center for Safe Schools Subscription Service

When a school crisis hits, you need immediate access to school safety supports from a high-quality, trusted resource. As the school year progresses, you need flexibility to address changing needs.

Subscribe to a Center for Safe Schools Services Bundle as part of your emergency preparedness.

Gain peace of mind that you have services readily available in a crisis.

Receive access to a dedicated team of professionals who can conduct thorough risk assessments, identify vulnerabilities, and provide customized solutions to mitigate potential threats.

Empower school staff with the tools and knowledge needed to respond effectively to emergencies, creating a culture of preparedness.

Adjust services throughout the year that best support their current climates and related safety concerns.

Each bundle is designed to cater to different budgetary and security requirements, ensuring that schools can choose the option that best aligns with their specific needs and financial considerations. Select the annual subscription bundle that works best for your school or organization. Contact us for customizable options.
